MEMORANDUM FOR : Deputy Director (Plans)

THROUGH : Acting Chief, DPD

SUBJECT : Reconnaissance Photography - Some
Thoughts and Proposals for System
Improvements - (EK)

REFERENCE : Memo, GUS-0110, Subject: Reconnaissance
Guidelines for GUSTO, dtd 29 Jan.1959

 1. The above subject proposal has been reviewed and is
believed to be a review of EK's work on the Sentry Program (117L).
The system proposes strip type photography and is pointed primarily
toward satellite type reconnaissance.

 2. The thoughts expressed for photographic reconnaissance
systems improvement, except for data transmission, follow those
expressed in the above referenced memo and are similar to those
that were used in the evaluation of the reconnaissance proposals
for GUSTO.

 3. Since EK has already forwarded a copy of this proposal
to Land, the undersigned does not believe it necessary to forward
this copy for the forthcoming Land Committee meeting.

 4. After your review, it is desired that the attached proposal
be returned to R&D for file and reference.
